Outcome Assessments

The department assesses the extent to which the program requirements create the desired outcomes by using a variety of techniques.

1. The History Department's policy is that all graduate courses require such written work as essays, reviews, and research papers to help determine progress in research and written communication skills, analytical and interpretive skills, and mastery of course content.
2. The comprehensive written and oral examinations to which all students are subject provide a means of ascertaining mastery of historical knowledge as well an indication of the candidate's adequate mastery in oral communication, critical analysis, historical synthesis, and historical interpretation commensurate with that expected of a student seeking a Master of Arts degree.
3. When such information is available, the History Department will use as an assessment tool the results of university-wide data related to the program and to Master of Arts graduates.

Prior to admission to any graduate program at Valdosta State University, applicants must first submit a completed application to the Graduate School.
