

Bachelor of Business Administration with a Major in International Business

The international business major is designed to prepare students for careers in international business. The major integrates international business topics and theories with other functional areas of business and will serve to develop students' foreign language skills; to develop their understanding of global, cultural, and political issues; and provide the experience of living in another culture.

Selected Educational Outcomes

International Business majors will

1. demonstrate basic reading and conversational skills in a language other than their native language;
2. demonstrate knowledge of cultural differences as they relate to conducting business in a global context;
3. demonstrate knowledge of basic international trade and related concepts.

Assessment of educational outcomes will be the responsibility of the faculty teaching courses in the international business curriculum. Methods used to assess the outcomes will include examinations, quizzes, oral presentations, written assignments, and projects.
