The marketing program prepares individuals for challenging careers in both profit and non-profit organizations.

Selected Educational Outcomes

Marketing majors will be able to demonstrate knowledge of

1. marketing strategy as it relates to market selection, product development and management, supply chain management, integrated marketing communication, and pricing;
2. current consumer behavior theories as they relate to the evaluation, selection, and consumption of products and services;
3. the tools needed to conduct a small-scale marketing research study;
4. the major factors affecting the development of a marketing strategy when it is to be implemented globally.

Assessment of the educational outcomes for the marketing major is primarily the responsibility of the marketing faculty. A variety of methods are used to assess the learning outcomes, including examinations, quizzes, oral presentations, written assignments, and projects.
