Bachelor of Science in Education American Sign Language/English Interpreting

Bachelor of Science in Education Degree with Majors in Middle Grades Education, Deaf Education, or American Sign Language/English Interpreting

Each of these three programs in the department has numerous desired outcomes. Examples of these outcomes include the following:

Selected Educational Outcomes

- 1. Students in initial teacher education programs demonstrate knowledge of the content that they plan to teach and can explain important principles and concepts delineated in professional, state, and institutional standards.
- Students in initial teacher education programs apply content-specific pedagogy to the subject area content and demonstrate a broad knowledge of instructional strategies that draws upon content and pedagogical knowledge and skills delineated in professional, state, and institutional standards to help all students learn.
- 3. Students in initial teacher education programs analyze educational research findings and incorporate new information into their practice.
- 4. Students in initial teacher education programs assess and analyze student learning, make appropriate adjustments to instruction, monitor student learning, and have a positive effect on learning for all students.

The departmental faculty members assess the desired learner outcomes for these three programs by using a variety of techniques. Examples of summative assessments in addition to course evaluations include the following:

Examples of Outcome Assessments

- 1. Students in initial teacher education programs will demonstrate content knowledge through passing the state-required content assessment.
- Students in initial teacher education programs will demonstrate pedagogical content knowledge and knowledge of evidence-based strategies through development of lesson plans identifying use of research-validated procedures and effective content pedagogy.
- 3. Students in initial teacher education programs will demonstrate skills in assessment, instructional strategies, use of technology, and monitoring and modifying instruction during observed teaching episodes evaluated by a university supervisor and P-12 mentor teacher.
- 4. Students in initial teacher education programs will demonstrate their ability to positively impact P-12 learning through a Teacher Work Sample (TWS).
