Guided Electives		21
<b>Total hours required for the degree</b>		<b>120</b>

Students, in consultation with their advisor, will take an additional series of courses, possibly a minor, that will further differentiate between the B.A. and the B.S. degrees. These electives will also allow for increased skill development that will help the student continue on to a graduate or professional school or to obtain employment in a career not requiring post-baccalaureate training. Although only 39 hours of 3000 and 4000 courses are required by the Board of Regents of the University System of Georgia, the student should not assume the minimum to be the maximum.
