

# Master of Music Education

---

## Selected Educational Outcomes

1. Students will explain, describe, and discuss the historical and sociological foundations of music education in the United States.
2. Students will select and use a broad range of instructional strategies and technologies that promote student learning and will clearly explain the choices they make in their practice.
3. Students will exhibit an in-depth knowledge of music history and music theory.
4. Students will utilize appropriate research methodology for music education.
5. Students will analyze student, classroom, and school performance data and make data-driven decisions about strategies for teaching all students effectively.
