

# Bachelor of Fine Arts with a Major in Art Education

The Bachelor of Fine Arts with a major in art education prepares students for initial art education certification (P-12). The program is designed to prepare professional art educators with the knowledge, skills, and experiences necessary to be successful in an array of potential career choices, from the art studio classroom, to a museum education setting, to graduate school.

National accrediting agencies include the National Association of Schools of Art and Design (NASAD), the Council for the Accreditation of Educator Preparation (CAEP), and the Southern Association of Colleges and Schools (SACS). The National Art Education Association (NAEA) provides program standards, curricular guidelines, and assessment tools that help to ensure a quality program in art education. Students in the program must meet all criteria published in the VSU Undergraduate Catalog, as established by the Dewar College of Education and Human Services and the College of the Arts. The degree program consists of 132 hours of course work and requires that the student carry 17 hours for seven of the eight semesters in school and/or take 12 hours in summer school to graduate within a four-year period.

A minimum grade point average of 2.75 must be maintained throughout the program. A grade of "C" or better must be earned in the required English courses and in all art, art education, and education courses in the professional sequence. Certification depends on passing the Georgia Assessment for the Certification of Educators exam (GACE Content Assessment), which must be taken prior to the student teaching semester. All course work must be completed before a candidate begins the student teaching semester. The Board of Regents requires 300 to 400 hours of volunteer pre-service experiences prior to student teaching.
