

# Department of Leadership, Technology, and Workforce Development

---

*Dr. C. Keith Waugh, Department Head  
Room 2020, Education Center*

The Department of Leadership, Technology, and Workforce Development offers several undergraduate programs of study. The department offers the Bachelor of Science in Education degree (B.S.Ed.) with a major in Workforce Education (WED) that has options in Career-Technical Education, Workforce Training and Development, Technical Leadership, and Human Resource Development. The Bachelor of Science degree with a major in Office Administration and Technology (OAT) is offered on campus for traditional students and online for post-traditional adult students as bachelor completion programs. The OAT online option is designed for working office professionals who wish to complete the bachelor degree in the field.

The undergraduate programs in the Department of Leadership, Technology, and Workforce Development are designed to give the student professional knowledge, skills, and values that build upon the foundation provided by the University Core Curriculum. One goal of the department is to offer professional education programs that prepare teachers in the areas of business education; technical, trade, and industrial education; healthcare science technology education; and adult and career education. A second goal of the department is to offer professional programs to prepare industry practitioners with degrees in administrative services. A primary focus of all departmental programs is to serve students with relevant, practical coursework that encourages life-long learning and the utilization of technology. Additionally, the department seeks to prepare professionals through on-line and traditional courses that develop the knowledge, dispositions, skills, and ethics necessary to function in a variety of work environments.
