

# Department of Psychological Science

---

*Dr. David Monetti, Department Head  
Room 2104, Converse Hall*

The Department of Psychological Science offers the Master of Science in Psychology with a concentration in Industrial/Organizational Psychology. The program provides students with specialized knowledge, training, and scientific study of human behavior, organizational development, career development, and other th

## Department Mission Statement

The Department of Psychological Science serves the citizens of the region and state by offering instruction, research, and services designed to advance the understanding of behavioral and cognitive processes and to improve the quality of life. The principle function of the department is to prepare students to pursue careers within the discipline and affiliated areas. A related purpose is to provide courses for programs in education, nursing, and other disciplines. At the baccalaureate level, students develop basic skills in scientific research and knowledge of psychological nomenclature and concepts, and they are introduced to the diverse applications of psychology.
