

Georgia Film Academy Post-Production Certificate

Georgia Film Academy Post-Production Certificate

Admission requirement: Mass Media Major and completion of Core Field of Study

The GFA partnered with Avid Technology, the leading post-production hardware/software company for long format editing, to become an official training hub. With state-of-the-art post-production facility (including a new remote access platform) at Trilith Studios, the GFA supports hands-on and online training for undergraduate students, high school teachers, and professionals in the field. Further, the GFA provides internships as well as certificates in Avid Media Composer and Pro Tools
